Support the Bishop Foley Robotics Team Battery Fundraiser

Please help support the Bishop Foley Robotics Team by purchasing batteries as part of our ongoing fundraiser. By buying batteries from us at a competitive price, you are helping to defray the \$60,000 annual operational costs of our team of 30 students.

Thank you for your Support,
THE FOLEY FREEZE

Coming Soon:

LED Light Bulbs that consume up to 88% less electricity than your current light bulbs, and have a life expectancy between 25,000 and 100,000 hours. If you would like to be notified when these are available, please fill out the customer information on our battery order form and return it to us.
